**Day 1**

Our journey north begins with a cup of hot coffee and a snack served by a professional Bianco tour director. Rest stops and a lunch stop on our own are made for comfort and convenience. After we cross the "Mighty Mac," our first stop is **Tahquamenon Falls State Park**. Upon arrival, we will meet our guide who will take us on a 45 minute tour to the Upper Falls. The Upper Falls are the largest waterfall east of the Mississippi with a drop of nearly 50 feet and 200 feet across. Following our visit, we will have an included dinner at the beautiful

**Tahquamenon Falls Brewery**, a special place that echoes the Tahquamenon Falls and surrounding forest. After an incredible meal, we check into our waterfront hotel in Paradise, MI with magnificent views of Whitefish Bay.

**Day 2**

Breakfast is included this morning before departing for Whitefish Point and the **Great Lakes Shipwreck Museum**. The museum has become one of Michigan's most popular destinations where guests learn about the perils of maritime transport on the Great Lakes like

the wreck of the Edmund Fitzgerald. See the Historic Whitefish Point Light Station and take a stroll on Lake Superior's shore and beautiful rocky beach. Following our visit we depart for Munising, making a stop for lunch on our own. This afternoon, we board a **2-1/2 hour cruise of the Pictured Rocks National Lakeshore**. The lakeshore offers towering multicolored sandstone cliffs, mile-long sparkling beach strands, dashing water falls, a huge area of sand dunes and more. See such highlights as Miner's Castle, Colored Caves, Indian Head and Chapel Rock. Following our cruise, we have an included dinner at a local Munising restaurant before checking into our hotel offering magnificent views of Lake Superior.

**Day 3**

Another included breakfast greets us this morning before departing for the **Keweenaw Peninsula** and **Copper Country**. We will pick up our step-on-guide and embark on a full day tour of the area. We will travel through Houghton, Hancock, Calumet, Eagle River, Copper Harbor and Brockway Mountain Drive. The Keweenaw Peninsula is the northernmost part of Michigan's Upper Peninsula. It projects into Lake Superior and was the site of the first copper boom in the United States. Brockway Mountain Drive runs along the ridge of Brockway Mountain on the Keweenaw Fault. Upon reaching the top of the mountain, we are greeted by a full panoramic view of the surrounding area including Lake Superior, Copper Harbor, Eagle Harbor and the surrounding lakes and forests. Lunch is on our own at a local restaurant in Copper City. This evening we check into our hotel in Houghton, home for the next night. Dinner is included this evening at a charming historic restaurant.

**Day 4**

Following our included breakfast this morning, we depart for **Lake of the Clouds**. Surrounded by the silhouettes of the ancient Porcupine Mountains, the Lake of the Clouds is a blue gem amid the thick forests and one of the most photographed features in the area. We will stop at Bond Falls, a beautiful water fall located along the Ontonagon River. We have lunch on our own before arriving at the **Norway Spring**. The spring was discovered in 1903 when the Oliver Mining Company struck water here while drilling for iron ore in 1903! Fill up a container of crisp cool spring water before departing for the **Iron Mountain Iron Mine**. We will travel 2,600 feet through drifts and tunnels to 400 feet below the earth's surface where we see amazing rock formations and large underground lighted caverns. The mine operated for 68 years and produced tons of iron ore for the great steel mills of the Midwest. This afternoon, we check into our hotel overlooking Little Bay de Noc on the Northern Tip of Lake Michigan. Dinner is included this evening at the hotel as we enjoy the surrounding natural beauty.

**Day 5**

A final included breakfast jump starts our day as we begin our journey home. Our first stop is **Kitch-iti-kipi**, Michigan's largest natural freshwater spring. Measuring two hundred feet across and forty feet deep, over 10,000 gallons of water per minute gush from the spring's fissures in the underlying limestone. We'll see this amazing attraction up close aboard an observation raft offering excellent views of the crystal clear waters and fascinating underwater features and mysteries lurking within. This afternoon, we spend some time in **Mackinaw City** with shopping and lunch on our own. A dinner stop on our own is made en route before returning home.
